EXTRA SERVICES

Things that do not belong in an operating system, but that businesses need anyway. You pay **once**, not monthly, and you do not have to find anyone else for them. We tell you the price up front — we do not start without your approval.

WHAT WE DO FOR YOU — ONE-OFF

Custom website — CZK 5,000–20,000

From a single page with opening hours and directions to an e-shop with card payment and shipping. The price depends on the scope — **larger websites and e-shops by arrangement.**

Hosting and domain ..... **CZK 150 per month**

QR code with a sticker — CZK 300–600

Google reviews, wifi password, menu, price list. We change the link behind the code, the printed sticker stays — when prices change, you reprint nothing.

Another sticker, same code ..... **CZK 20 each**
Each further code doing something else ..... **CZK 200**

Your own system address — CZK 500

Instead of our address you open the system on **a domain of your choice**. Your people and customers see you, not us.

Domain, if you have none yet ..... **~CZK 250 per year**

Google Play and App Store app — CZK 3,500

A phone app, for you or for your customers: an overview in your pocket, easier reviews and orders. Up to you. The home-screen icon alone is free.

One-off Google account fee ..... **~CZK 600**
Apple account, if you want iPhone too ..... **~CZK 2,500 per year**

Business profile on Google — CZK 1,000

What pops up in Maps: opening hours, phone, photos, directions and reviews. We set it up or tidy yours — without it, maps often do not show you at all.

E-mail on your own domain — custom

You write from an address with your company name, not gmail. Setup depends on mailboxes and plan — **never more than one monthly payment.**

Then monthly: provider's plan price ..... **+ CZK 100**
Changes (new mailbox, signature) included ..... **included**

Accounting software integration — by agreement

Documents go to Pohoda, Money S3 or iDoklad in a format your accountant just uploads. No more retyping and e-mailing spreadsheets. We quote beforehand — five minutes or five hours of work.

WHAT IS NOT HERE

Write to us what you would like. Within two working days we say whether it is possible and what it costs. The quote is free and binds you to nothing. Most of what businesses ask for can be done.

INCLUDED IN THE SYSTEM, NOT EXTRA: watching on the start screen (stock running low, invoice overdue), shifts and appointments in your phone calendar, bank statement and payment matching, data transfer from your old system, training.

SYSTEM CHANGES

We change what you want; **most changes fit within CZK 500. First month free, months two and three 25 % off.** After that the prices below apply, or a **flat rate of CZK 3,000 for three months**, which pays off from six changes per quarter.

A few minutes — CZK 50
A different colour, a different item name, a different order, a typo, a different button label.

About an hour of work — CZK 150–250
A new field in a form, a new column in an overview, a different look of a printed document.

A big change — CZK 500
A new part of the system, a new screen, a new role with permissions, a new overview. The cap per change.

WHEN IT IS THE WHOLE SYSTEM

Replacing or rebuilding the whole system, or third-party integration, is priced individually — **that will not be CZK 500.** We tell you the price up front and do not start without your approval; we do not charge changes by the hour. **It usually fits within one monthly payment.** It can be more, but it should not be.
